

Start with a workable journey.

A short checklist for turning inspiration into a trip that fits your dates, pace and budget.

01 / BEFORE YOU BOOK

- ☐ Choose your travel month, available days and the experiences that matter most.
- ☐ Check current entry requirements for your passport and trip purpose.
- ☐ Check official travel advice for every region and road on your proposed route.
- ☐ Confirm seasonal road access and which local activities are operating.
- ☐ Count nights in each base and give long travel days enough space.
- ☐ Keep a return buffer before an international departure.
- ☐ Compare full, dated quotes: currency, price unit, inclusions and exclusions.
- ☐ Confirm room layout, heating, hot water, meals and arrival transfers.
- ☐ Read cancellation terms and ask what happens if transport changes.
- ☐ Check insurance against your actual activities, altitude and itinerary.

Make the next step useful

Build your journey

Compare transport

Estimate your budget

Pack for your route.

Keep everyday essentials simple, then add the layers and equipment your season and activities require.

02 / GET READY TO TRAVEL

The everyday kit

- ☐ Passport, required entry documents and secure offline copies of bookings.
- ☐ Clothes suited to local customs, comfortable walking shoes and personal essentials.
- ☐ Phone, charger, suitable adapter, power bank and offline contact details.
- ☐ Payment cards and a practical cash reserve stored separately.

The bag that stays with you

- ☐ Essential medication in original packaging and any supporting documentation.
- ☐ A warm layer, weatherproof layer, water and a small snack for transfers.
- ☐ A change of clothes and basic toiletries in case a checked bag is delayed.

Add only what your journey needs

- ☐ Agree any mountain or specialist activity equipment list with your operator.
- ☐ Check accommodation heating, laundry and supplied essentials.
- ☐ Check the airline's current baggage and battery rules.
- ☐ Arrange individual travel-health advice before departure.

Open the full packing guide

This checklist is a planning aid. Confirm changing requirements and conditions with official sources and your providers. It does not replace individual medical advice or a specialist expedition equipment list.

Your trip, on one page.

Fill this in for your own use. Keep sensitive document numbers and passwords elsewhere.

03 / KEEP THE DETAILS TOGETHER

Travel dates & arrival city

Places, bases & number of nights

Transport contacts & collection points

Accommodation contacts & check-in details

The experience I do not want to miss

My alternative if the original plan changes

Final checks before leaving
